

WE'LL SEE YOU AT SUMMER SCHOOL JUNE 8

THE VOLETTE

PUBLISHED BY STUDENTS OF THE UNIVERSITY OF TENNESSEE JUNIOR COLLEGE

VOLUME XV.

MARTIN, TENNESSEE MONDAY, JUNE 1, 1942

NUMBER 13

STUDENT HONORS

Coeds Win Honors At Martin

Miss Jamie Lawler (right) has been selected as the outstanding home economics student at the University of Tennessee Junior College, Martin, with second honors going to Miss Virginia Barr (left). Miss Lawler is the daughter of Mr. and Mrs. V. F. Lawler of Trenton, Tenn., and Miss Barr is the daughter of Mr. and Mrs. John W. Barr of Centerville, Tenn.

Courtesy Commercial Appeal

Top Student

Miss Kathryn Moody has been selected as the outstanding student in Education at the University of Tennessee Junior College at Martin, Tenn. She is the daughter of Mr. and Mrs. M. C. Moody of Tiptonville, Tenn.

Courtesy Commercial Appeal

Student Editor And Manager

Miss Ruth Hollomon (left) of Trenton, Tenn., will be editor in chief of The Volette student publication of the University of Tennessee Junior College, Martin, Tenn., for the 1942-43 term. Miss Myra Taylor (right) of Troy, Tenn., will be business manager of the paper. Appointments were made by Harry Harrison Kroll, sponsor of the student newspaper.

Courtesy Commercial Appeal

Physical Ed Winners

Charles Nickel was the boys winner for the individual trophy in physical education. Elizabeth Higgs was winner for the girls. Myer "Squire" Parsons received the award for the outstanding sophomore athlete.

Charles Nickel scored 111 points in intramural competition. His nearest rival was Tony Culp with 88 points. The other eight men in order were Cooper, Goff, Childers, Kirk, Boardman, Rust and Scobey.

In intercollegiate sports, Parsons earned two letters in both football and basketball. He was co-captain of the basketball team the last year. For next year Charles Gordon has been elected captain of the basketball team and T. C. Clark has been selected as co-captain. Karl "Bubba" Warren is next year's football captain with Ed Goff and Luke Burkett as co-captains.

The individual winner for the girls in intramural competition (Continued on page 2)

Students' Annual Get Together

Event To Be Held In Martin June 15—Engineering Graduates Widely Scattered—Many Can't Attend

The present students enrolled in engineering at the Junior College are having difficulty in locating former students of engineering. Even though the two-year engineering curriculum has been offered only six years, former students are widely scattered.

Each year, about this time, cards are mailed to all former engineers inviting them to the annual get-together dinner. Only a few will be able to return for the affair, which will be held at the Williams hotel Thursday, June 4 at 7 p.m. A partial list of the whereabouts of some of the boys follows:

Albert Swearingen is an anti-aircraft gunner in Australia. Brantford Elliott is a draftsman (Continued on page 2)

Jamie Lawler

It would be useless to try to tell you what a grand person Jamie Lawler is; because, we all already know, so I'll skip that and try to make you realize what an eventful day March 22, 1922 was, because that is the day Jamie entered this "veil of tears".

I went down to Jamie's room and told her to start talking. She gave me a detailed account of the weather for the past month.

First I asked her what her favorite pastime is. She said sleeping and eating, "because I can do it well, and I've been at it since I was a mere child."

Jamie went to grammar school and high school at Spring Hill and graduated as salutatorian of her class, the valedictorian having triumphed over her one-tenth of a point.

Jamie has twice been a delegate to the State 4-H Convention at Knoxville, and she also represented the state as a member of the 4-H Dairy Food Judging team.

Jamie has also made quite a record at the Junior College. She is vice-president of the Home Ec. Club, member of the election commission, member of the executive board of the All Students' Club, a home economics teacher and editor of The Volette.

Jamie's chief ambition is to be an home economics teacher or a district supervisor.

Ruth Hollomon

Service Flag

A Service Flag for the University of Tennessee Junior College has been ordered, to celebrate the Junior College alumni who have entered the armed forces of the country. Mrs. Phillips, who has charge of the alumni work and who ordered the flag, stated that she had already 101 names of former students; that many others that she hadn't names of must remain for the time without stars, until she could learn of them.

Kathryn Moody

Kathryn Moody, or Kay as she is affectionately called, is not only the outstanding student in Education, but she is a campus leader. For the past two years Kay has been an active and enthusiastic member of the Blue team. Kay's enthusiasm and loyalty did much to help this team win the intramural cup.

Kay is able to maintain her high scholastic average and take part in many outside activities also. She has been one of the "peppiest" cheerleaders on the campus and has taken an active part in the Swimming and Speech Arts clubs. Kay was the highest ranking girl in last year's and this year's swimming meet.

Her favorite pastimes are swimming and jitterbugging. She likes Glenn Miller's music, Bette Davis, Spencer Tracy, fried chicken, and lemon pie. She is interested in singing and says her secret ambition is to sing with an orchestra. Her favorite course this year was elementary art.

Kay plans to attend summer school this summer, and she is going to teach the sixth grade in Tiptonville this fall. She plans to continue her college education later, and to get married in the future. She says her ideal man is a good dancer, good conversationalist, has a good personality, and has brown hair and eyes. (Hailey says he has a new hair cut)

MEET ACTIVE

Paul Meek filled the pulpit at the Mayfield Methodist Church May 24 at 11 o'clock, talking on the subject "Our Way of Life," on a Layman's Day program.

On Tuesday evening, May 26th, Mr. Meek, accompanied by Howard Smith, Jodie Jenkins and Hall Arnold of Martin, attended a meeting at Dresden of the Weakley County Defense Council. The purpose of the meeting was to perfect an organization of the county council, and to make plans for participation in the June 9 statewide blackout.

Mr. Meek is chairman of the county council, and Chas. M. Edwards of Dresden is county coordinator.

Next Volette Editor

Ruth Holloman, daughter of Mr. and Mrs. G. C. Holloman of Kenton, Tennessee, has been appointed editor of The Volette for the fall quarter of next year.

Born June 21, 1924, Ruth has lived in Kenton all her life. She attended both grammar school and high school there and was active in her favorite sport, basketball. Ruth has taken part in all the intramural games at the Junior College, also physical education is her favorite subject. As a junior in Kenton High School, she won a popularity contest and was crowned Miss K. H. S. As a senior she went to New Orleans with a group from her class and her older sister was sponsor. Jovially she tells of the "errand calamity" that befell her and her sister at this time. Completely excited and befuddled over the trip, they were in a hurry to catch the bus and left their packed bags with all their clothes in the back seat of their father's car. They were compelled to go most of the trip wearing only what they had on until they reached New Orleans where they bought a few things.

Also while in high school Ruth says that she wrote sometimes for a school activities column in the local newspaper. She likes newspaper work very much, in fact her main ambition is to be a newspaper reporter.

Intramural Medals Awarded

First, boxing, Green team, Leburn Kirk; Brown, Charles Gordon; White, Ray Porter; Brown, Tony Culp; Yellow, Warner Berry. Shuffleboard, first Mary Ellen Lowe and Kenneth McClam; Blue, Yellow, second, L. E. Gray and Elizabeth Higgs. Tennis, first Orange, Maurine McCalla; second Black, Corlene McDavid. Ping-Pong, first and second, Blue and White, Ann Seay and Elizabeth Beckler.

Horseshoes, first and second, Brown and Yellow, Myrtle Kilian and Elizabeth Higgs. Archery, first and second, Yellow and Orange, Elizabeth Higgs and Mary (Continued on page 2)

Seay and Koo Win Speech Awards

Ann Seay, from Paris, Tennessee, was presented the award for having given the largest number of performances of any girl during the school year. Having heard several of these, we students can say they have been as superior in quality as well as quantity. Miss Seay has made 30 high school appearances and several others. Her past high school record has been one of achievement. She won the speech award in District 2, then the state award and went to semi-finals in the National Forensic League.

Robert Koo, our student from China, has had his "build up" in a previous edition of The Volette. His father being one of the great speakers of China, gives us without question an insight on Robert's talent for speaking.

Robert has made 17 appearances for the Speech Arts Club and 44 in all this year. He has not belonged to any other form of societies but has in the past made many speeches here and in his own country.

The awards were presented by Mr. Allen during the Aloha O ceremony.

Preston McDow

One of the most outstanding students on the campus is Preston McDow, better known as "Cotton". He graduated as valedictorian of a class of sixty-seven at Dyars-Hall High School, Covington, Tennessee.

During his freshman year in agricultural engineering here, he completed two quarters as a Summa Cum Laude student and the other quarter as a Magna Cum Laude. He was a successful leader in various clubs and social activities.

This year McDow has made the honor roll. He was president of the Glee Club, secretary of the Engineering Club and awarded a key in Speech Arts Club. He was selected the best engineer of the year. He takes part in religious life on and off the campus.

McDow plans to go to Knoxville next fall to continue his education. (Continued on page 2)

Confetti

Nancy, we heard that you dated Robert Legg. When was that???

Why doesn't Robby eat at the dining hall any more? I wonder if she is living off of love?

Helen Hart, is it Shankle or Burt Green?

I heard that Lola Merie and Helen Hart had an argument over Flash Gordon.

We heard that Pat Trigg had quite an embarrassing moment at the lake. What about that Pat?

Wonder what Myra Taylor thought about Johnson's old girl friend coming up for the week end?

Archie, we hear that you have it bad over a certain brunette. What about that?

Do Ross and Bill have the west side of the Home Ec Building rented? It certainly seems that way.

Ethel, we are sorry all the rock piles have been made into walks. We know how well you liked to sit on them.

There is another named added to the lonesome heart beaus at Blackman Hall. Ask L. M. L. how you can become a member.

This Hart and Shankle affair is keeping everyone busy. That is seeing that they get in on time.

Grigsby trying to decide again. Is it Bill or Priddy?

This is the menu of Margaret Shoaf and Robby Mc: First, second and third course love.

Lib Beckler and Joe Spence are going strong. I can't blame them, it's spring.

Nancy Grooms and Mary Wilder like Army men. How about that girls?

Last Sunday night the girls at Blackman Hall got the chance they have waited all year for. The new president of the All Students' Club to drop in to say hello!

Keep the good work up, Margaret Meals!

If you want an interesting story you might get Archie to tell you about "Archie in the Dod House."

Rheba, you seem to be a pretty good dancer, especially when it comes to dancing with Lawrence.

Just ask Wilder and Grooms how to get out of psychology. I'm sure they could tell you.

Who is writing Evelyn Brock so many letters lately. Watch out Stoll, you've got some strong competition.

Why did Ashburn want to go to the lake in the Turner car?

Why does Shellabarger always go to the library just before lunch every day?

I hear that Joe Priestley has been dating. Is that the truth Joe? Who is the girl?

Say, I knew we had some important people on our campus, but did you know that Napoleon and the Duchess of Windsor carried on a long telephone call between the Greenhouse and "The Barn" a few days ago? For all details, ask Hopper. I think he was on the party line!

Lib Beckler can't seem to sleep these nights—and it 'taint cause she has had dreams either!

Mary Wilder and Nancy Grooms seem to do their courting in the "early" morning.

Margaret Shoaf indulges in some interesting literature these days!

Amy goes around with a smile on her face. Who won't, after getting a long distance call from Miami!

Helen Harvill, how do you like Camp Tyson firemen? (With gold teeth.)

Clark, how does Shoaf rate? Why not try someone else next time.

Grooms and Wilder, your private entrance at the "wee hours" in the morning is closed for the season.

It seems Grigsby and Ross are having a little trouble. Priddy could you be the cause of it?

Mary and Nancy, what in the world have you two been doing to want to get up so early in the morning?

Well it seems it just had to be summer school in Martin for Tess.

It would be awful if Maddox had to go to the Army, wouldn't it, Tess?

Helen Hart is really stepping out these days. No wonder she doesn't ever want to go home.

Amy, how about that telephone call from Miami, Florida, last Saturday night. Can you think of anything to say yet, or are you still too excited?

Kirk, what about you and Helen Hart? Strange things can happen, you know.

Margaret DeBow, what is happening between you and that certain little boy? I think Charles Edwards is his name.

I hear these summer students are really planning to have a good time this summer, especially the girls. Margaret and Myra have great plans, too.

Hey, Rosa, what was the trouble with you and Bill Sunday night? Kinda mixed up weren't you. Let's don't let anything happen to that beautiful romance.

Seems as if Helen Hart is getting around quite a lot. All the girls are saying "Somebody Else Is Taking My Place." Aren't you ashamed, Helen?

It's certainly a good thing that it's not far to the ground from the psychology windows, somebody might turn up with a broken neck.

Tess seems to like school so well that she's coming to summer school.

Everybody seems to be happy that school is out except the love birds.

Where did Vincent get the red paint on his collar?

Margaret Shoaf is in the Army Air Corps. At least she knows somebody in the Air Corps. Is that right, Pryor?

Who thinks prosperity is just down on the corner, eh, Lucky? Ask Vincent about his red and white spotted shirt.

Pickwick, watch out for Vincent, he is about to get your girl that lives down on the end of Moody.

Question: What two questions are asked of girls after dates on the Junior College campus? Answer: What did he do? How much did he spend?

Marshall Fields seems to be enjoying the weather by taking sun baths. Vincent, how did the bath feel the other night?

There's nothing like a cold bath just after retiring, is there Vincent?

A friend: "What's your favorite song, Rosa?" Ross: "Somebody Else Is Taking My Place."

Announcement: Lawrence Wilson has found his dime after many hours of searching.

Who was over in the grove Thursday night with some girls and almost forgot their pajamas when the boys got ready to leave.

Margaret Shoaf you strictly rate—having a lieutenant over for Sunday dinner.

This affair between Bo Dodd and Mary seems to be getting quite serious. Or is it?

Frederick Maddox and Ilic Tess are still "in the groove"—or did you know?

Lib, why didn't you go the other night?

Girls, if you see Ethel Poindexter coming your way you better grab your man and hold him tight. She's a man getter.

Clark, what about these 9:15 o'clock dates. Does Margaret Shoaf like them?

Flash, where do you spend your time now? Blackman Hall misses you.

Amy you are supposed to sleep at home in bed instead of Contact's arm.

What is this I hear about a certain girl taking care of White in Knoxville, Sybil?

Rabbit has it bad, doesn't he Golda? He didn't test milk last week end you know.

Fuqua, why don't you make up their minds? Tony, John or

Kit? Also that guy from Union City.

Ruth Hollomon still hasn't given Lewis Elliott a chance.

Why is Mary Es'es so happy looking these day? Dinwiddle is home.

Virginia Barr seems happy too. Charles Cannon is home.

Who do we see walking around the Home Ec building every afternoon. Could it be Lee Ella Robertson and Marshall Field?

Have noticed Moody and Mohon look nearly serious.

Love is grand. Ask Dorothy Ann King and Glib Collier.

We learn Betty Cox and Walter Nunnely are both going to school in Memphis this summer. Sounds all right.

White, why don't you just take her to Knoxville with you?

Why has Billie Beard been on the beat around the campus. He said that he didn't mind "no trespassing signs."

The question to day is what is the chief pastime? Some couples say Snub Gubbling, if you know what this means.

Why is it that all the U. T. J. C. professors always slay the class with their gags?

Ethel Poindexter, why did you go to the library last night? Did you not know that Emily Jane went with "Squire?"

Why is Ross drooping around singing "Somebody Else Is Taking My Place"?

Vincent has been painted on the shirt collar. I think it was red too. You see, she just lives a short distance from the barn.

Who is the young man that Rosa Grigsby has been dating lately? Could it be Pretty?

Vincent is going to remember U. T. J. C. He came in the other night with lipstick all over his collar.

What makes Vincent visit Phillips and Shelton so often? Is it because he wants to study or is it a girl that Phillips and Shelton stay with?

Dear Uncle Sam: We recommend Mr. Dean to you for a position in your army. Yours truly, Analytic Geometry Class.

What's the matter with Ross and Rosa? Could Priddy have anything to do with it? I wonder.

Brown Hopper and Charles Uickells seem to have quite a time in Union City.

Wonder why Bo Dodd hangs around so much. It couldn't be because of Mary Wilder, could it?

Wonder why Shankle enjoyed the lake trip so much? Poor Hopper.

The horses at the barn have gone to drinking (and spewing) pepsies, and bowling with the bottles.

Why doesn't L. B. Gray eat very much?

Gordon you better start washing behind your ears because Mary Helen Keefe is after you. A glowing case of sweetness, no doubt.

I see Bill Ross has a rival for the affections of Rosa, namely, Charles Priddy. Rosa doesn't seem to know which way to turn.

Lib Evans, you seemed to have forgotten about the boy back home. Some technique, Joe.

We're pretty proud of White, aren't we Sybil.

At last T. C. Clark has come out of hidin and given the girls a break.

Ask Mary Wilder and Nancy Grooms how far it is from the windows in the psychology room to the ground.

Wonder if Jo Meals could move to Newbern for the summer?

We hear that Brown Hopper is going into the "Bowling" business, that is, if he can find a pin boy.

Wonder what made Wilbert Vincent change shirts in such a hurry the other night?

We would like to know why Walter Nunnely goes with Betty Jane Cox at night when he can get all the smushing he wants in the day time.

We would like to know who I sn love with Ruth Hollomon, Roberson or Matthews?

We wonder why so many of the girls were running up and down the hall Thursday night for. Maybe you would tell us, Tate or Hart.

Be careful Tate or Ann will get jealous of you. Let's don't be interviewing other girl's boy friends any more.

Well boys, next week is your last chance with some of the U. T. Debs.

We wonder why Bill Ross changes girls so often.

Be careful White, Knoxville is a mighty big place for such a "little" boy.

MARRIED COLLEGE GRADS MAY ENLIST IN NAVY

New Orleans, La., May 26—The Navy has lifted the ban on married men becoming deck and engineer officers, it was announced today by Eighth Naval District Headquarters.

The Navy Department this week authorized the enlistment of married college graduates for the V-7 deck and engineering Naval Reserve Midshipmen courses leading to commissioning as Ensigns in the Reserve. Each married candidate for the V-7 course must, however, furnish a statement signed by himself and his wife attesting that his dependents will be adequately provided for during the period of training.

College juniors and seniors who are married will not be considered qualified for the course under the new revision. Unmarried candidates for the Reserve Midshipmen's school must remain unmarried for the duration of their training. Currently the candidate enlists as an apprentice seaman and becomes a midshipman after one month's training.

Enlistments for the V-7 course are being taken at the Navy Recruiting Office, Room 304 Customhouse Building, and at the Office of Naval Officer Procurement, 217 Camp Street.

Join the U.T.J.C. Athletic Club

Scattered throughout the country are numerous Country Clubs, Y.M.C.A.'s, Athletic Clubs, Recreational Clubs, etc., where men and women pay exorbitant prices for the right to take part in

games and sports, and often pay additional fees for instruction in these activities.

The University of Tennessee Junior College Physical Education Department offers more activities than ANY of these clubs, expert instruction, use of equipment, and all this at no charge to students of the college. Where can you find a club of any type with a swimming pool, quarter mile cinder track, golf course with clubs furnished, tennis courts, horseshoe courts, an archery range, football and soccer field, two softball diamonds, and a gymnasium with facilities and equipment to play handball, basketball, ping pong, shuffleboard, badminton, hockey, volleyball, soccer, tumbling apparatus, boxing wrestling in an official ring, folk and tap dancing, in all of these activities is offered by experts on the physical education staff, and full opportunity to put this instruction to use is furnished as an intensive twenty-five sports intramural program.

Enrollment at the Junior College entitles each student to a complete medical examination, with optional follow up treatment of defects, and the services of a trained nurse on duty every day at the gymnasium. Innoculation, and vaccination are furnished free of charge.

It is the aim of this department to provide instruction and opportunity to participate in sports and activities which will have value in after school life.

DON'T JOIN THE COUNTRY CLUB—COME TO THE U. T. JUNIOR COLLEGE!

Vols Tennis Team Receives Banner

Eight members of the University of Tennessee Junior College tennis team received banners for their outstanding performance this season.

The following boys were presented tennis banners by Coach Joe Black Hayes: Captain Archie Sanford, Douglas Boardman, Tom Prewitt, Ira Long, Jr., Karl Warren, Albert Buntin, Gilbert Collier and Joe Cooper, manager.

New Officers of All Students' Club

"Stormy" Clark, our new president, is from Pikeville, Tennessee. He was an outstanding student in high school with a high scholastic rating. He was president of the Future Farmers of America Club for three years, and he was also secretary-treasurer of his senior class. His favorite sport is basketball, and he played on his high school team for three years. He was also an outstanding player on our team this year. He says that women are one of his favorite hobbies (You would never have known it, would you?).

Fay Lippard, vice-president, is from Rives, Tennessee. He was salutatorian of his class, president of the F. F. A. Club, and president of the senior class. He says his favorite sport is basketball. Fay entered U. T. J. C. at the beginning of the winter quarter. He is taking a civil engineering course. He is very much interested in the Air Corps and hopes to take flying next year. He is planning to come to summer school at U. T. J. C.

Jean Bomar, secretary-treasurer, is from Shelbyville, Tennessee. She was president of the Home Economics Club in high school and is a member of the National Honorary Society. She says that her favorite pastime is swimming. She also likes to ride horses and play tennis. She is now taking home economics and plants to major in foods.

The new officers of the All Students' Club state that they are planning to make 1942-43 the most successful year in the history of the club.

Farewell Until Next Year

Good-bye U. T. J. C. We really do hate to leave you. It is true that most of us are waiting anxiously for the approach of June 5, when we will board the bus for home, but it breaks our hearts to think that we may never see some of our good friends again. We hope to see all of the freshmen back next year, but still there will be many vacancies which will sadden our hearts. To you sophomores who are leaving—think of us next year and come back to see us. But now, old U. T. J. C., it is time to say farewell. We know that we will miss you terribly, but absence makes the heart grow fonder, and we will greet you with new zeal next fall.

—Jean Bomar.

Vols Finish Tennis Season With Win

The Junior Vols completed their current tennis season with a victory over Union University on the Jackson court last Friday. This was the closest game that the Junior College boys have played with the final score 4-3 in their favor. This win gave the Vols an even break for the eight games played this year.

In the first singles match, Boardman, number one man for the Vols, won over Nowell by 6-4 and 6-0. Tate of Union defeated Collier 7-5 and 10-8. Meredith defeated Captain Sanford of the Vols 1-6, 7-5 and 6-4. Sublett of Union lost to Long 6-1, 6-3. Holt of Union defeated Prewitt 6-4, 6-0.

In the doubles matches Boardman and Collier defeated Nowell and Tate by 1-6, 7-5 and 8-6. Long and Sanford won over Holt and Meredith 7-5, 6-2.

The men earning letters this year were: Captain Archie Sanford, Douglas Boardman, Gilbert Collier, Ira Long, Jr., Tom Prewitt, Albert Buntin, "Bubba" Warren and Manager Joe Cooper.

JOE BLACK HAYES TO ATTEND SUMMER SCHOOL

Coach Hayes leaves June 6 for Knoxville to attend summer school at the University of Tennessee. He plans to take up work on a Master's Degree in Agriculture and also a course in Physical Education.

LEFTOVERS From Blackman Hall

Spring surely has brought on some new romances in Blackman Hall. If you don't believe this ask Margaret Meals.

The closing of school is near and it seems as if the girls of Blackman Hall realize this. Every night something new comes up. Ask Tess Lehman what happened in her room Tuesday night!

Listen, Shoaf, we've been kept in the dark long enough. We want to know why you always have to be dressed and down in your room every night at 11.

It seems as if the girls have started pouring water over at Blackman Hall. Ask Mary Wilder about this.

Martha Lynn Caldwell surely does have a good looking gent in her room. Don't be alarmed, for it's only a picture.

Myra Taylor had her picture made a few days ago. Myra, we are asking you to explain where it is now.

Betty Jo really is happy now. Some girls shopped around, so I've heard and found out that Hillman is coming home.

Listen girl, if you can't find a place where no one can see you in the afternoon, ask Naomi to tell you one. She really is good at that.

Ethel always has to take her letters that are for Bill down town to mail them because they get to him one hour earlier.

Lola Merle, don't be so down-hearted over what was said last Saturday night. May be it was really true.

Pat, we hear you had some wonderful dances at the lake. How about it?

The Ag and Home Ec Clubs

The Ag Club and Home Ec Club held a joint meeting at the dining hall last Tuesday night. Ways and methods of improving the annual Ag-Home Ec lake trip were discussed. The discussion was led by Lebrun Kirk.

The two clubs adjourned in order to elect officers for next year. The Ag Club elected the following officers: President, Marshal Field; Vice-President, Charles Gordon; Secretary-Treasurer, Wilton Childers; Reporter, Charles Edwards; and Sergeant-at-Arms, Fred Geiser. Our sponsors, Mr. Cravens and Mr. Thompson were re-elected. The meeting was adjourned.

The Home Ec Club elected as its officers for next year: Jean Bomar, President; Ann Seay, Vice-President; Marion Carothers, Secretary-Treasurer; Marjorie Hailey, Reporter, and Miss Swindler was reelected sponsor.

Engineers To Stage Banquet

On the evening of June 4, the annual banquet for engineers will be held. Tentative plans are that the banquet will take place at the Williams Hotel. This event was first held in the spring of 1940 but due to adverse conditions was not held in 1941. All engineers and engineering alumni are eligible to attend. The purpose of this banquet is to find out what former engineering students are doing and to read some of the events that have taken place since they have been gone from U. T. J. C. It also furnishes a means for all classmates to revive former friendships. A program of interest to all engineers is being carefully planned.

Already replies to invitations are being received from numerous points and we regret to learn that many students of former years will be unable to attend.

From Knoxville comes word that Billy Pope and S. J. McAdams will be unable to attend due to their plans for finishing school in August, but Edwin Matthews writes that he is eager to come and will be glad for the respite from his studies.

The greatest handicap to present plans is the army, which has drafted many former students.

From Corinth, Mississippi, Durward Counce writes: "I would like

to see that new I. A. Building and better still, come to your banquet, but I am in the draft and expect to leave for the army June 1st." He also says that he will be seeing some of us in the army, but we hope that he is wrong.

From some of the replies we also find that a few former engineers are too far away to be able to come. The sister of Albert Swearingen replies for him that he "is a master gunner in the anti-aircraft artillery of the Coast Guard and is now in Australia." Richel Barrett's mother replies for him that he "is employed by an English company in Puerto Rico. He gets a good salary and says the girls are extremely beautiful."

At the present time a large proportion of the invitations are unanswered, but all indications point to a very successful occasion that will be remembered for many years.

Mark Wilkinson

All of you know Mark Wilkinson. He's that jolly good fellow who is president of the All Students' Club. I suppose that is the first thing that we all now about him, but when you are intimately associated with Mark, you find he is 'strictly all reet'—the easy going fellow with plenty of intellect.

Mark says nothing of particular interest has ever happened to him. We all know that many good things must have, though, to shape the wonderful personality that is his. He did enjoy hitch-hiking around the Smoky Mountains. He thought that a good way to really see the beautiful scenery of the "Playground of the South," and I am sure it was.

I asked Mark what honors he received in high school. He said, "Not much of anything." That did not satisfy me, so with a little urging, he bushed faintly and said, "Well, I was supposed to be the most outstanding student in my senior class." This honor was based on scholarship, student activity and loyalty.

Mark did not know exactly why he chose to attend the Junior College. He said after talking to Mr. Allen and to his high school principal he just took off one Thursday morning. During his freshman year here he enjoyed life in the boys' dormitory. This year he is one of those outstanding Phillips' House residents. His freshman year on the campus, he served as president of the Speech Arts Club for a time and as president of the Wesley Foundation. It was in the spring of that year he was elected president of the All Students' Club for this year.

Mark says that most of all he the students and faculty that he has enjoyed the association with has experienced in veterinary. He is interested in veterinary. He says he will probably enter some branch of the service soon. He prefers the Army Air Corps. Mark has a younger sister whom he plans to send to the Junior College.

When I asked Mark how he felt when he was told of his most recent honor, that of being the most outstanding agricultural student, he simply said "I felt pretty good." That's Mark, frank, genuine, modest, ambitious and very likable.

—Kathryn Riley.

CONFETTI

Some of the girls had a good time at the lake. Did you see that big two-tone Oldsmobile they were driving?

Virginia, are you going to give Ulese that picture?

What girl lost her heart Sunday night?

Amy, you may just quit worrying, Lawrence is not going to make up.

Lola Merle, what happened to your nightly conversations?

Helen Hart says Kirk can really kiss. What about it, girls?

Shankle, you and Hopper are losing Helen.

Golda, I hear Martha Lynn is coming for graduation.

Jean, do you really like this

"blanket idea"?

Ruth, we never know who we'll find with you behind the H— building, Earl K. or Robert.

Why does Margaret DeBow think she will go to Yorkville for the summer. Maybe that's an old Edwards' saying.

The girls will breathe a sigh of relief, swimming is over.

Shipley was that really you Sunday. We thought maybe it was just a ghost. She must have been a good influence.

Evelyn Brock, what are we hearing about your trips to Memphis?

Rosa, leave Priddy alone, Bill will spank.

Claypool, is Mrs. Patterson real-

ly running a bowling alley in the barn?

Vincent, how was that cold bath Tuesday night?

Hopper says he hates to leave school, but he really means hates to leave Helen.

Why does Lawrence say that he wishes it would get dark. Funny, I heard Margaret DeBow say the same thing.

We jest love "to set and look at Virginia's pitcher."

Mr. Kroll, your "all girl" English class really appreciates your being so considerate.

Lib, you and Joe seem to enjoy that bicycle built for two.

Mary Ellen, is your thumb still sore?
